No War Anticipated With Great Britain Over Behring Sea-Seizures.

MERELY A POLICE PRECAUTION.

The Only Purpose to Intimidate Canada's Cruisers for Our Seals.

ONLY A POPGUN POLICY ADOPTED

PERCHAL TELEGRAM TO THE DISPATCH ! WASHINGTON, August 23 .- Persons who are particularly friendly to the administration have advanced the theory as to the seizure of British vessels in Behring Ses that it is not the purpose of the United States to institute any condemnation proceedings against the vessels, and that this is the reason why they are not brought into American ports, and adequate crews are not

provided to do this. "The only purpose of the administration," said a gentleman who has some knowledge on the subject, "is to intimidate the Canadian cruisers and prevent them from illicit capture of the seals. The United States has no intention of vigorously enforcing the laws to the extent of condemning the apparatus or vessels of the Canadians. The pur-pose of the administration, in other words, is not to have the vessels of the Canadian fishermen condemned, but to take whatever seals they have captured within the waters of the United States, and

TO POLICE BEHRING SEA The Canadian sealers warned off will not be likely to return again this season. It is very probable that the Harrison adminis-tration desires to avoid the experience of President Cleveland and doesn't care to bring Canadian sealing vessels into port and then be compelled to release them. Meanwhile the be compelied to release them. Meanwhile the somewhat ambiguous statement of Secretary Blaine, made some weeks ago, that no claim had been made by the United States that Behring Sea is a closed sea, appears to derive additional significance. At all events, it is pretty certain that the instructions which have been given to the commander of the Rush relate to the policing of Behring Sea, to prevent the capture of seals, and do not have in view any attempt to assert the claim that Behring Sea is a closed sea. If that was the purpose of the closed sea. If that was the purpose of the administration, it would be the four naval vessels which are now cruising in those waters that would be heard from, and not the small revenue cutter Rush."

NOT MUCH KNOWN OF IT. This is the view of a gentleman who is on close relations with officials of the State Department, and it is deserving of consideration on that account. No one here appears to be very clear what the object of the iministration is with respect to the seal fishery matter, and it is not altogether cer-tain that the administration has any definite views about it. The situation is iff part inherited. Both the President and Secretary of State have been so busily engaged, to this hour, in peddling offices, and in regarding the claims of various claimants, that it may be doubted whether they have had much opportunity to take down the books of international lay and treaties to ascertain exactly how the

Government stands on this question.

One thing is pretty clear about the whole business—none of the Republican leaders anticipate any

TROUBLE WITH GREAT BRITAIN because of the Behring Sea matter. It is to be added also, that very few of the Re-publican leaders know very much about the subject. It is pretty certain, however, that if the administration contemplated any war policy, it would not be proceeding with a petty revenue cutter, from whose crew a single man, even if dignified by the omin-ous title of the "prize crew," is seriously

C. C. Shayne, of New York, having re-cently stated that the Alaska Commercial Company is mainly made up of foreigners, the representatives of that company here correct the statement. The law provides that the fur scal lease shall be forfeited if foreigners are interested in it. The statement is made that the present directors a managers are Lewis Sloss, the President of the company; Lewis Gerstle, ex-President; Gustave Niebaum—the three being residents of San Francisco-and C. A. Williams, of New London, Conn.

FOR SEPARATE TRIALS.

The Cronin Suspects Will Enter Pleas of That Nature.

CHICAGO, August 23 .- There is a general belief that when the Cronin murder case is catled for trial in Judge McConnell's court next Monday the principal efforts of the defense will be directed not to securing a continuance, but to endeavoring to break the solid front of the presecution and dividing its thunder, by securing separate trials for one or more of the defendants. States Attorney Longenecker, however, to-day appeared to be indifferent to any such "I do not know who could ask for a sepa-

rate trial," said he, "unless it would be Woodruff. The State will be ready for trial Monday, but I think some of the fendants will want a continuance. If they can show cause they might obtain one, but I cannot tell how the State will stand on that question until the time comes."

It is understood, however, that Senator Kennedy, of Wisconsin, will make his debut in the case by an elaborate argument in ta-Burke, the late Winnipeg suspect

MURDERED FOR HIS MONEY.

The Cold-Blooded Crime Committed by a

Wisconsin Barkeeper. APPLETON, WIS., August 23 .- What

will probably turn out to be one of the most cold-blooded murders ever perpetrated in Wisconsin is just coming to light at Gagen. A stranger went into the salcon of one Nel-son, called for a drink and exhibited a large roll of bills. Nelson walked out from behind the bar and struck the man with a slungshot, knocking his brains out. The only witness was a man named Barlow, and Nelson told him he would kill him if he ever told. Barlow made an affidavit and

Nelson buried the man at the back door of his saloon and afterward dug him up and carried him off somewhere. Barlow says that all Nelson got were six \$\frac{2}{2}\$ bills, which were wrapped around a newspaper. He fought desperately when arrested, and kept using the expression, "I did not kill him, but was told to." His examination will take place Saturday.

DID NOT BELIEVE IN BANKS.

And Now He Has Been Robbed of All of His

Savings. NEW CASTLE, August 23 .- Last March William Huston, a farmer of Wilmington township, nine miles from this city, drew all his money, \$1,600 from the Lawrence County National Bank. He had no faith in banks, and determined to take the money home for safe keeping. Some time last night thieves entered his house, which is located in a lonely country road, and stole the entire amount, which was kept in

a trunk.

The robberv was not discovered until this morning. No clue has been obtained of the robbers, but it is thought that the robbery was done by persons acquainted with the
